Save A Volunteer

How can you SAVE your volunteers so they return after the FALL Weekends have finished?

- Call your volunteers and thank them for a job well done
- Send them a card expressing appreciation for their participation
- Ask your volunteers if they have other interests or skills to share with the team
- Provide your volunteers with information about Kairos opportunities

- Provide your volunteers with information about Kairos opportunities
- Invite them to the next Kairos event or subcommittee meeting
- Get them involved in Prayer and Share
- and many more...

What to Do Next

Do you remember the first Kairos Weekend you took part in? How did you feel when the Weekend and the Instructional were over? EXHAUSTED right? Now that you have a few weekends under your belt, you can recover a little quicker and get right back to the Kairos business at hand.

Your new volunteers have no idea how they will feel at the end of their first weekend. They might even think "I cannot do that again; that was way too exhausting." Or they might be thinking "at least I have 6 months to get ready for the next one."

Your job as the ROCK and your subcommittee team's responsibility is to get those volunteers involved as quickly as possible after the end of a Weekend. You've heard all the old sayings 'you snooze you lose' and that goes for keeping your volunteers involved.

TWO TOP Requirements to SAVE A VOLUNTEER:

1. COMMUNICATION
2. INVOLVEMENT
