

Lockhart Inside Women's team volunteers set up a booth at the Rio UMC Conference in June and hand made some bookmarks from ribbon and beads. Then we simply asked for donations of five dollars each. A total of \$350 was collected so you can see this inexpensive idea was very popular and profitable for our team. Almost any creation of attractive bookmarks or other similar type items could work.

We also ordered some t-shirts made in bright blue with a big white Kairos logo on the front and on the back in white was printed: [Ask me about my time IN PRISON](#)

We have offered these t-shirts to our volunteers for a donation. As you might expect, these shirts get a lot of interesting and positive conversation when worn in public. *(Just be ready to respond to any inquiries with your unit website or contact email address for possible follow-up contact. Or better still, offer to send them more information get their email.)*

You can see these bookmarks and t-shirts at the website www.kairoslockhart.com and go to the 'Slideshow' page.
